FLAGSTONE FLOORING

Pattern Flagstone is natural stone that has been selected and sawn to specific sizes or shapes. The packaging of these natural stone pavers makes it simple for contractors to create a seamless pattern in any landscape design. Pieces range in size from as small as 12" x 12" to as large as 24" x 36". Sizes are cut in 6" nominal increments to allow for a mortar joint to make your design easier with pre-configured layouts.

WALL CAPS

Our natural stone wall caps add a finishing touch to any wall or pillar project. These stone caps work interchangeably with any wall for many landscape commercial or residential applications. Our Wall Caps can be used for steps, planters and walls. Available in one size of 14" x 24" x 2" and have a chiseled edge along the front and back of the cap.

POOL COPING

The Castle Collection provides seamless solutions to complete an entire project. From the patio flagstone to coordinating all the finishing pieces, including our natural stone pool coping which offers the convenience of both high quality and easy installation. Available in one size of 12" x 24" x 2" with a sandblasted top and Bullnose Edge.

STEP TREADS

Semco natural stone Treads offer both a classic beauty and permanence to any size landscape design project for commercial and residential applications. Our treads are available in two sizes, either 12" x 72" x 2" or 24" x 72" x 2" and features 3 sawn sides with a rockfaced front and natural cleft finish on top. These treads are ideal for entrance and landscape steps in any hardscape.
